

2021 Cashflow Vaccine for Businesses

SMEs across the UK, you are not alone!

During the Coronavirus pandemic, businesses throughout the UK have been successfully claiming cash rewards from HMRC through R&D Tax Credits with Access2Funding, ensuring sustainability in this extremely difficult time.

As the government's announcement of Lockdown 3.0 still rings loudly in our ears, many are looking at new avenues to source much needed cash or income for their businesses. Without the right help they may unfortunately be forced to close.

✓ We can Support you with Cashflow

Access2Funding understand the huge impact that the Covid-19 crisis is having on SME's across the country, successfully returning over £11m to business during the previous lockdown and £18m throughout 2020 was brought to businesses nationwide.

✓ Team of R&D Tax Specialists Remotely

R&D tax specialists can identify R&D activities with the expertise and resources of dedicated R&D Writers to prepare R&D claims remotely, from start to finish, delivering claims despite COVID-19.

✓ 30 minute ROI

We have a 100% success rate, helping businesses from a vast variety of industries with a simple 30 minute consultation.

Businesses who have benefited

West Midlands sportswear brand GymPro Apparel Ltd successfully claimed over **£34,000 back** from researching new materials and put them through vigorous testing.

Cheese manufacturing firm claimed back **£20,000** for creating a cocktail infused cheese.

Unusual project scope to a sports hall within a school resulted in a **£109,047.16** return to building firm.
